JC Foundation

Jul 2025 – Oct 2025

Mumbai, India

- Defined product roadmap and feature requirements for an AI-enabled secondary consultation platform serving **500+** patients per month
- Deployed an AI powered WhatsApp navigator using NLP models automating end-to-end patient guidance leading to a **15%** reduction in wait times
- Improved session time by **100%** and response rates by **180%** by fine-tuning GPT-4o on **450+** curated conversation examples
- Conducted user discovery interviews with **30+** oncologists to design product workflows, bottlenecks and pricing models

Software Developer Intern

NTPC Ltd.

Oct 2023 – Jan 2024

Noida, India

- Co-developed NTPC's **Enterprise AI chatbot 'Jyoti'**, enabling fast and secure enterprise data access for **20,000+** employees
- Reduced manual information retrieval across a large distributed India's largest power utility organization

Full-Stack Developer

Scrollify

Jan 2023 – Oct 2023

Bengaluru, India

- Improved organic traffic by **50%** and drove **3,000+** new user signups monthly via **30+** SEO-rich blogs
- Improved platform scalability to handle **2x** increase in user traffic
- Reduced media load latency by **~30%** through optimized storage architecture
- Developed the backend architecture for a creator tool, integrating **AWS EC2 and S3** ensuring scalability and data management

PROJECTS

[MessIT](#) | React Native, MongoDB, Firebase, REST APIs

- Led 0→1 development of a digital dining platform adopted by **10,000+** students university-wide, replacing manual mess-menu processes.

[BunkBuddies](#) | Next.js, React.js, Node.js, Google Analytics

- Founded & launched the university's first roommate matching platform as **Project Lead**, acquiring **1,250+ users on Day 1**

LEADERSHIP EXPERIENCE

Student Director

Hostel & Dining Operations

Aug 2024 – Jun 2025

VIT University

- Led operational improvement initiatives for hostel dining services serving **30,000+** on-campus students, analyzing feedback from **75+** residents to identify key process inefficiencies
- Created a digitized feedback and reporting system enabling administrators to prioritize improvements — collected **200+** responses in the first month

General Secretary | Treasurer

VinnovateIT - Innovation & Incubation lab of VIT University

Sep 2021 – Dec 2024

- Coordinated Vinhack'23, a hackathon with **1,800+** participants, managing end-to-end logistics, technical reviews, and stakeholder communication
- Defined organizational strategy and led recruitment and mentorship of **70+** members, fostering a culture of innovation and product thinking

CERTIFICATIONS & AWARDS

- Certified Scrum Product Owner (CSPO)
- Certified Ethical Hacker (CEH) - EC-Council
- 1st Runner-up at National Civic-Tech Hackathon organized by [CIE.CO](https://civic.tech) - the startup incubator of Indian Institute of Management, Ahmedabad
- Published peer-reviewed research on an AI-powered Smart Refrigerator product I built, leveraging YOLOv10 to deliver real-time food inventory and quality tracking via a mobile application
