- **Tools:** Claude (Cowork) · Jira · Confluence · Figma · Excel · Notion · Miro · Tableau · Power BI

PROFESSIONAL EXPERIENCE

Applied AI & Analytics Co-op

SharkNinja

May 2026 – Present

Needham, MA

- Built a price monitoring agent to replace TrackStreet, a \$5,000/month third-party subscription, achieving 3× faster dealer and pricing surveillance across European markets with greater flexibility for process owners
- Automated weekly EMEA Price Bible workflow using AI agents, reducing a 4-hour manual process to near-zero human effort across the Strategic Sales and Revenue Growth Team
- Automated monthly Marketing Events Calendar cycle end-to-end, intake through SFO upload and workbook rebuild cutting cycle time from several hours to near-zero manual effort and closing a longstanding audit gap
- Developed a Voice of Consumer pain score platform integrating Snowflake and multiple data sources, scoring consumer pain across 7 weighted pillars by country and category, and routing high-priority issues to the right internal teams.
- Built an Claude AI agent for testing and quality team that generates detailed ABR test case scenarios from product specs, delivering structured reports in Word, PDF, and Markdown formats to expand testing coverage beyond standard protocols

Product Manager Intern

Value Aligners

Oct 2025 – Mar 2026

Sunnyvale, CA

- Led end-to-end product development of **4 Agentic AI products in 6 months** from discovery through go-to-market launch, targeting budget-constrained SMBs in the cybersecurity space
- Conducted 30+ SMB user interviews as part of product discovery, directly informing feature prioritization and roadmap decisions across all 4 products
- Reduced sprint review cycles from 5 to 2 days by identifying and resolving release bottlenecks, improving engineering throughput across teams
- Defined PRDs and acceptance criteria for each product, driving stakeholder alignment across engineering, design, and business teams

Product Manager Intern

JC Foundation

Jul 2025 – Oct 2025

Mumbai, India

- Conducted **30+ oncologist interviews** as part of product discovery, surfacing workflow inefficiencies that directly informed feature prioritization and roadmap decisions
- Analyzed patient journey data to improve app engagement metrics, leading to a 15% reduction in wait times
- Developed insights from 450+ interaction datasets to improve engagement metrics (↑180% response rate, ↑100% session time)

Software Developer Intern

NTPC Ltd.

Oct 2023 – Jan 2024

Noida, India

- Recommended **RAG-based architecture** for 'Jyoti', NTPC's enterprise AI chatbot, to enable accurate retrieval of project records and company data for 20,000+ employees

CERTIFICATIONS & AWARDS

- Certified Scrum Product Owner (CSPO)
- Built AI product intelligence platform (Claude API, RAG & FastAPI) at **SharkNinja's invite-only Jailbreak EDU AI Hackathon**, presented to C-suite in 48 hrs
- 1st Runner-up, National Civic-Tech Hackathon - CIIE.CO, Indian Institute of Management, Ahmedabad
- Published peer-reviewed research on an AI and IoT powered Smart Refrigerator leveraging YOLOv10 for real-time food inventory and quality tracking

EDUCATION

Tufts University

Master of Science in Engineering Management, GPA: 3.8/4.0

Relevant Coursework: Program and Project Management, Financial Intelligence, Data Analytics

Medford, MA

Sep 2025 - Present

Vellore Institute of Technology

Bachelor of Technology in Computer Science Engineering, GPA: 3.8/4.0

Vellore, India

Sep 2021 – Jul 2025

PROJECTS

[MessIT](#) | AWS, React Native, Firebase, REST APIs

- Identified inefficiencies in manual mess-menu processes through **user research and observation**, then led 0→1 development of a digital dining platform now with **50,000+ downloads on the Google Play Store**

LEADERSHIP EXPERIENCE

Student Director

Hostel & Dining Operations

Aug 2024 – Jun 2025

VIT University

- Built a digital feedback system for hostel dining serving 30,000+ students, collecting 200+ responses in month one and noticeably improving resident satisfaction scores

General Secretary | Treasurer

VinnovateIT - Innovation & Incubation lab of VIT University

Sep 2021 – Dec 2024

- Coordinated Vinhack'23 with 1,800+ participants and led recruitment, mentorship of 70+ members across strategy, technical reviews, and operations
